About Me

I'm a passionate software developer, geek and tech lover with over 5 years of professional iOS development experience. My code is present in the *beating heart* of more than 9 apps in the App Stores. Two of them achieved the 1st place in the Italian App Store: *DoveConviene* and *indoona*.

Technical Skills

Objective-C, iOS, Xcode, C, WebRTC, Java, Git, Android, Eclipse, SVN, XMPP, UIKit, Concurrent Programming, Core Location, Javascript.

Professional Experience

- ✧ **Mobile Platform Developer @ DoveConviene - Shopfully** | Jan. 2016 - Present
 - ◆ #iOS #Android #Objective-C #Java #AFNetworking
- ✧ **Lead Mobile Developer @ Vivocha** | *Startup* | Oct. 2013 - Dec. 2015
 - I was the creator and maintainer of the Vivocha iOS and Android SDKs.
 - The two SDKs provide, with a 2-line-of-code integration, an Amazon Mayday-like video, voice and chat experience using XMPP and WebRTC.
 - ◆ #iOS #Android #Objective-C #Java #XMPP #AFNetworking #WebRTC
- ✧ **iOS Developer @ Tiscali** | *Internet Service Provider* | Oct. 2012 - Oct. 2013
 - I was one of the three-member core team of indoona for iOS, a VoIP app with an integrated Twitter-like social network.
 - ◆ #iOS #Objective-C #XMPP #SIP #JSON
- ✧ **iOS & Android Consultant @ Tiscali** | Apr. 2011 - Feb. 2012
- ✧ **Lead iOS Developer @ Zetesis** | Feb. 2011 - Oct. 2012
 - I was in charge of the development and the release of 4 apps in the App Store.
